

# COSDOC 2021

## Dr Franco Vercesi Italy

Prior to working in the Division of Plastic, Reconstructive and Hand Surgery at the Civil Hospital of Magenta, Italy, Dr Vercesi specialised in Plastic and Reconstructive Surgery at the University of Milan.

Dr Vercesi has always been involved in cosmetic surgery, aesthetic medicine and laser therapy, founding Centro Medico Galeno Milano and publishing several scientific papers in Italian.

He has contributed to an array of international journals and spoken at numerous events on issues concerning cosmetic and reconstructive plastic surgery, hand surgery, microsurgery, surgery for spinal cord injuries, the healing of difficult wounds, laser therapy and aesthetic medicine.
