

COSDOC 2021

Dr Frank Lin Australia

Dr Lin is an internationally renowned expert in plastic surgery and injectable treatments for Asian patients. He has undertaken international fellowship training in microsurgery and aesthetic surgery, working with world renowned mentors and now trains medical students at several teaching facilities across Victoria.

Dr Lin is a member of several international surgical associations and is involved in numerous clinical trials for major pharmaceutical and medical devices companies such as Merz and Allergan.

Dr Lin is a regular speaker at major international conferences and is a key opinion leader in injectable and minimally invasive aesthetic treatments.
