

COSDOC 2021

Dr Nora Sadek Australia

Dr Nora Sadek spent 5 years in the national Health Service of London, before relocating to Australia and obtaining a fellowship from the Royal Australian College of General Practitioners.

She has been accredited by the Australasian College of Dermatologists to perform skin cancer checks and minor surgery and has a special interest in family planning and women's health, after completing a Diploma with the Faculty of Sexual and Reproductive Health.

Dr Nora Sadek is a non-surgical trainer that teaches cosmetic injectables to medical professionals nationwide and engages the community by posting regular treatment videos and case study reports on social media.
