

COSDOC 2021

Dr Harry Arampatzis Australia

CEO and one of the founding members of Universkin, Dr. Harry Arampatzis PhD, Pharm. D is the main thinker behind the innovative bespoke skincare company.

Considering himself as a “product architect”, Dr. Arampatzis worked with the Universkin team of experts (Dermatologists, Plastic Surgeons, Skin pathologists, Biologists and Chemists) to reinvent the skin care industry. Having had, for a long time, the idea of a personalized skincare range, Dr. Arampatzis, along with the Universkin expert team, pioneered the unique Universkin system that allows physicians to tailor a unique skin care formula for each individual.
